

**Private Home Care** is an Irish owned and managed company that was established in 1989 by Managing Director Elizabeth Nicholson. Elizabeth is a founder member of the Professional Institute of Care Providers, now known as HCCI. We are an approved HSE provider. Our ethos has remained constant throughout the years;

*“we care for others as we would like to be cared for ourselves”*

# Private HomeCare

## Coming home from rehab or hospital and would like some extra assistance?

*“we care for others as we would like to be cared for ourselves”*

Established in 1989, we at Private Home Care understand how important it is to have support when you need it.

Our Nurse Manager and Administrators will work with your Medical Team to supply a care plan specific to your needs.

Our carers are carefully chosen and matched to your needs. If you wish you can meet your carer/nurse at the hospital or rehab prior to discharge.

At Private Home Care we provide a client centred holistic approach in all aspects of our care delivery.

*“My husband was extremely weak after his discharge from hospital and literally could hardly move about the house for months. The young lady you sent us was simply outstanding and did Trojan work until he was back on his feet again.”*

These are not exhaustive lists, if you need any more information please do not hesitate to contact us on 01 6219101 or [info@privatehomecare.ie](mailto:info@privatehomecare.ie)
