

About Private Home Care

In 1989, managing director Elizabeth Nicholson set up Private Home Care. As there was no other home care provider at the time, it successfully combined her strong interest in caring for people, running a business, whilst raising a young family.

Elizabeth's constant commitment to high quality care is evident. She is a former director of Age Action Ireland and was a member of the Lucan Host Town Committee for the Special Olympics. She is also a director of Professional Institute of Care Providers. Within Private Home Care, there is ongoing training for all staff, for example in the areas of swine flu prevention and Hep C.

Today, the company has many carers providing care to people of all ages in Dublin and its surrounding counties. Private Home Care is a supplier to the HSE.

Services & Fees

Private Home Care prices its wide range of services at a standard hourly rate so you can choose any or all of our services at any time, depending on your needs and without increasing your costs.

Contact us today to discuss your tailor-made care package. You might be surprised as people often require less care hours than expected.

As a non-franchise company, we do not incur fees typically associated with franchise organisations and we are happy to pass these savings onto our clients.

CELEBRATING OVER
20 years
OF CARING EXCELLENCE

What our clients say

Home Care or Nursing Home?

"Following my husband's death, I was faced with two options-

1. Find a nursing home to live in or
2. Find home care.

I am lucky to have been recommended 'Private Home Care'. Twelve hours care per week from your carers allows me to bathe, have a main meal cooked daily, and assistance with the exercises advised by my physiotherapist to maintain the mobility I do have."

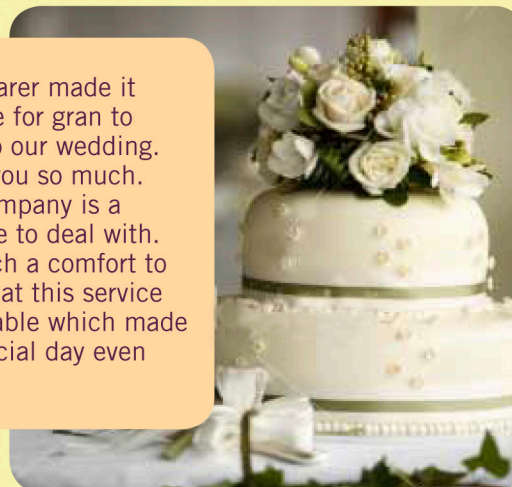

Home Comforts

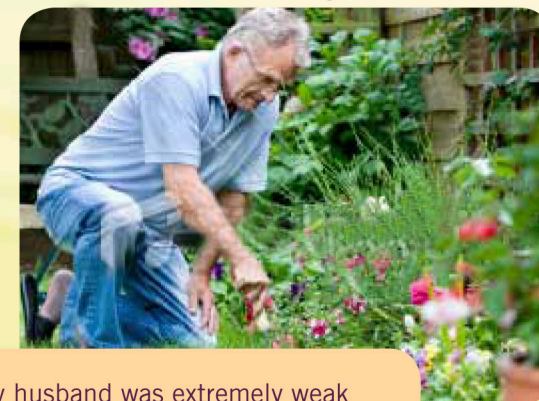

"I want to thank you and all the wonderful carers for your kindness, care and attention to my darling mother over the last seven years. Your agency made it possible for mum to live at home, retaining her independence in spite of medical and physical disability. She loved her home and all the home comforts where she felt safe and secure."

Special Days

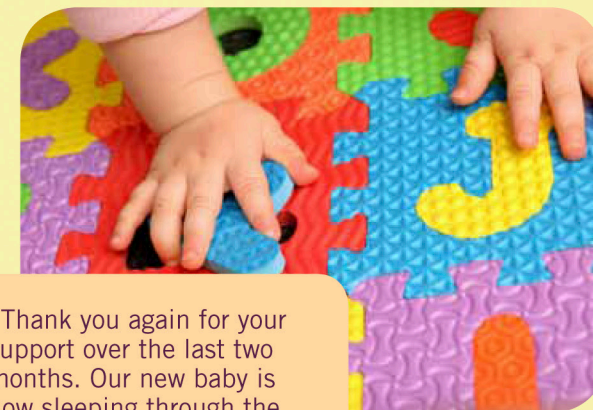

"Your carer made it possible for gran to come to our wedding. Thank you so much. Your company is a pleasure to deal with. It is such a comfort to know that this service is available which made our special day even better"

Hospital Aftercare

"My husband was extremely weak after his discharge from hospital and literally could hardly move about the house for months. The young lady you sent us was simply outstanding and did trojan work throughout the house until he was back on his feet again."

New Baby Support

"Thank you again for your support over the last two months. Our new baby is now sleeping through the night. Please pass my thanks to your carers, each of whom were very kind and helpful."
